September 4-16, 2006

2006 India Student Body and Faculty

(Above) These are the students and faculty for the Rock Bible Centre/Timothy Program International conference held at Muttom, Tamil Nadu, India September 11-14, 2006. The delegates included English-speaking church leaders, Tamil-speaking church leaders, beginning, advanced and conversational Hebrew students. The combined student-body was 105. This photograph was taken on the roof of the teachers' apartments and dining hall building. American and Indian faculty (below right) included: (seated left to right) Rev. Judy Hames, Beverly Barbee, Rosalind Arnold, Rev. J. G. Arnold, Lisah Brown, Mason Brown, (standing left to right) Rev. Paul Billy Arnold, Col. Monty Felix, Rev. Jeff Hamm, Dr. Karl Coke and Rev. Alan Hitchins. THANK YOU, KCEA SUPPORTERS!

(Below) Dr. Karl Coke sitting atop the Rock Bible Centre faculty/dining hall building September 14, 2006. The campus is located near the fishing village of Muttom, Tamil Nadu, South India. It is used by RBC/TPI and 35 other international ministries.

(Above) All TPI faculties include men, women, foreigners and domestic because the goal of the Timothy Program International is to equip all God's Saints to be released to their own ministry (Eph. 4:11-12). YOUR GIFTS MAKE THIS POSSIBLE.

(Above Left) Rev. Paul Billy Arnold, Chancellor of the Timothy Program India, inspects and chooses a teak log for our furniture at our RBC/TPI Muttom, Tamil Nadu, India campus. The logs are all cut (above right) to our specifications then the boards are delivered to our furniture manufacturing plant. Each piece of our furniture is hand made teak wood due to being on the Arabian Sea. The man (below right) is working on a bed head board. All work is done with hand tools. Rev. Jeff Hamm (below left) is teaching advanced Hebrew at the Muttom campus "Coke Library" where you can see teak tables, chairs, doors, doorframes, windows and window frames.

(Below Left) Dr. Coke delivered two more Timothy Program Level Two College courses to Alan Hitchins, teacher and librarian of our TPI college, and to Rev. Paul Billy Arnold. The \$4,800.00 to provide this curriculum is given annually by Andrew Chapel United Methodist Church in St. Matthews, South Carolina.

(Below Right) Dr. Coke gave \$4,000.00 to purchase land, \$1,000.00 to build a wall, a new video camera and transformer to Pastor Solomon Raj of Jehovah Jireh Ministries from Andreh Pradesh. These were given by AndyBooks Outreach, sponsor of "Arms of Love" orphanage managed by pastor Raj and wife Prameela.

(Above) The contractor, foreman and two workers have begun the construction of our new two-story kitchen and remodeling of our current first-floor dining room. This remodeling will increase our dining room seating capacity from 60 to 100. This construction will connect Kristin Cottage to our dining room & apartments.

(Above) Rev. J. G. Arnold prays at the beginning of this remodeling. He first thanked God for \$10,000.00 donated by KCEA, GLC and AndyBooks supporters. Dr. Coke sent each donor a personal letter of thanks from the USA and a personal post card of thanks from India. These new facilities will transform our campus.

(Above) This is the two-story "space" that will have a first floor kitchen for the main dining room and provide a second floor faculty dining room and kitchen. It will serve as a faculty coffee room and a place to access the Internet for e-mail. (Below) Our students make their way to the chapel for graduation and communion.

(Above) Mason and Lisah Brown with the Hindu family in front of the house built for them by the Brown family. They were left without a job when the tsunami washed away the rope manufacturing plant where he worked. (Below) Student receiving his diploma from Rev. J. G. Arnold, and RBC/TPI faculty congratulations.

*Still praising the LORD for meeting His budget through Partnership!*
